Professional Profile

A Senior Front-End Developer and UI Designer with 5+ years of experience specializing in taking web applications from initial concept to final deployment. Expert in translating complex requirements and Figma designs into high-performance, responsive applications using Angular and React. Proven track record of enhancing user experience, boosting application performance by up to 40%, and increasing development efficiency by creating scalable component libraries.

Technical Skills

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: Angular, React.js, RxJS, Node.js (basic), Bootstrap, Tailwind CSS, Sass/SCSS, DevExpress

Design & Prototyping: Figma, Adobe XD, Sketch

Tools & Platforms: Git, Git Flow, Postman, Swagger, SEO Best Practices, WCAG Accessibility

Core Competencies: UI/UX Design, Responsive Design, Component-Based Architecture, RESTful API Integration, Agile/Scrum Methodologies

---

Professional Experience

Byteviam Solutions Private Limited | Pune, India   *May 2024 – Present*

Senior UI Designer & Front End Developer

- Reduced development time by 30% by architecting and building a library of 20+ reusable, interactive UI components in Angular.
- Improved user satisfaction by 25% by creating user-centric design flows, wireframes, and high-fidelity prototypes in Figma, validated through user feedback.
- Spearheaded the end-to-end design and development of 3 web products, ensuring seamless user experience and responsive design across all devices.
- Boosted application performance and reduced load times by 15% through code optimization, lazy loading, and efficient UI development practices.
- Authored clean, scalable, and maintainable front-end code following best practices in TypeScript, HTML5, and SCSS.
- Championed web accessibility, ensuring all products were WCAG-compliant, and maintained cross-browser compatibility.

Optbyte Software Solutions Pvt. Ltd. | Pune, India   *June 2022 – May 2024*

Front End Developer

- Drove a 40% reduction in loading time and a 25% increase in user engagement by engineering the seamless conversion of Figma designs into pixel-perfect, responsive components using Angular, React, and Sass/Scss.
- Increased user engagement by 40% and cut bounce rates by 25% by developing highly interactive, Angular-based Single Page Applications (SPAs).
- Accelerated development time by 40% by implementing Dependency Injection (DI) and reusable services, enhancing code maintainability and scalability.
- Improved real-time data processing capabilities by 30% by implementing the RxJS library to orchestrate complex HTTP requests and manage dynamic data streams.
- Collaborated with cross-functional teams in an Agile environment to design and ship new features, leading to a 30% increase in user adoption.

StanceCode Technology Pvt Ltd. | Pune, India   *Jan 2020 - June 2022*

Front End Developer

- Improved application loading times by 20% and user engagement by 30% by developing high-performance SPAs and responsive web applications with Angular and React.js.
- Enhanced user experience and reduced page load times by 15% by optimizing Angular applications with features like if-else syntax, ng-templates, and form validators.
- Increased code efficiency by 20% by developing a suite of reusable components and services, reducing redundancy across the application.

- Integrated RESTful APIs to fetch and display data dynamically, utilizing Angular's $HTTP service to bind data to views.
- Facilitated effective collaboration between design and development by creating and presenting Figma prototypes for user experience visualization and testing.

Education

Rajmata Jijau Shikshan Prasarak Mandal's Arts, Commerce & Science College, Pune University

M.Sc. Computer Science - Pune University   *2020-2022*

MIT Arts, Commerce & Science College, Pune University

B.Sc. Computer Science - Pune University   *2016-2020*
